ORGANIZATION:  
Guarda Nacional Republicana  
Destacamento Territorial de Loulé  
Secção de Programas Especiais

SUPPORT:  
Câmara Municipal de Loulé

## Guideline to join the Safe Residence Program

1. To help implement the program, the initiator should seek the assistance of 2-3 persons, including preferably someone who speaks Portuguese and English.
2. Contact the GNR's Safe Residence Team (962093196) and inform them about the interest in joining the program, indicating the location/area and approximately the number of residences proposed to be included (less than 100).
3. Obtain an A4 size map of the location/ area with the largest scale possible, through Google Earth, the Parish Council, etc...
4. Make a copy of the map to include only buildings, roads and tracks, highlighting the main points of reference (Café, Bar, Grocery Store, etc..)
5. Obtain advice from the Safe Residence Team on the sequential numbering of properties.
6. Contact residents and create a table (in property number order starting at 1) containing the following information for each property: (i) property number, (ii) names of owners, (iii) phone numbers and (iv) GPS coordinates. This is the only information required by the GNR.
7. Contact the Safe Residence Team to present the map and the table with the information for review and correction if needed.
8. Arrange a meeting with the GNR and as many residents as possible. At this meeting the Safe Residence Team will provide all details of the program, explain crime prevention measures, inform residents of their home number and ask them to complete an identification form to provide details about their existing security measures.
9. Residents acquire numbers and directional signs for location and identification of residences, which should have the same specifications (size, colour, material, etc...). The directional signs shall be placed at intersections\ junctions and the house numbers should be fixed on the wall of the property in a visible position. In the Municipality of Loulé you can contact the "Ietra7" (tel: 289 432 280) or ask other firms that provide signs complying with the same specifications.
10. Later if there is a need to make changes or add new properties the initiator should contact the Safe Residence Team.
